In this book, the yearbook staff has tried to capture expression, emotion and student involvement by using their literary and artistic talents.

Right now, these school days may seem routine and conf[illegible] how fortunate we really are. At this point, when school is so muc[illegible] appreciate our close relationships with friends and teachers?

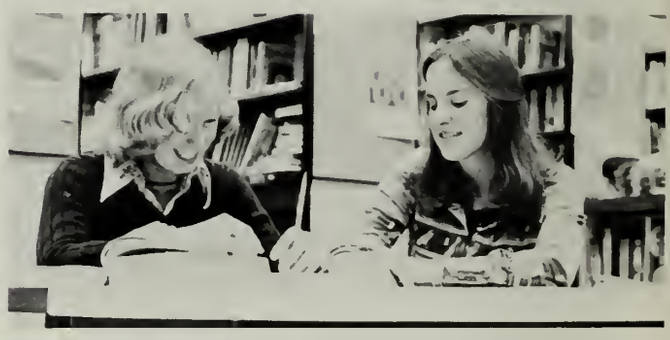

We sincerely hope that in years to come, this year's book will [illegible] smiles to our faces. As for those of us who are sentimental, may [illegible] as a reminder of all these unforgetable times — lest we forge[illegible]

but if the while i think on thee, dear friend

all losses are restor'd, and sorrows end —
Shakespeare

And. Coll.
R
And

A teacher is defined as one who educates, disciplines, and instructs. The class of 1976 has chosen a man who has added meaning to this word for every one of us. This choice being Mr. William C. Drummond.

Mr. Drummond's rare sense of humor, his generosity and his sincere kindness have earned him the respect and gratitude of the entire graduating class.

A consultant, an advisor, and truly a dear friend — Mr. Drummond, we happily dedicate this 1976 yearbook to you.

Getting Better

It's getting better all the time,
I used to get mad at my school,
The teachers that taught me weren't cool,
You're holding me down, turning me round,
Filling me up with your rules.
I've got to admit it's getting better,
A little better all the time . . .
— the Beatles

Then said a teacher, speak to us of Teaching.

And he said:

No man can reveal to you aught but that which already lies half asleep in the dawning of your knowledge.

The teacher who walks in the shadow of the temple, among his followers, gives not of his wisdom but rather leads you to the threshold of your own mind.

The astronomer may speak to you of his understanding of space, but he cannot give you his understanding.

Cleve

The musician may sing to you of the rhythm which is in all space, but he cannot give you the ear which arrests the rhythm nor the voice that echoes it.

And he who is versed in the science of numbers can tell of the regions of weight and measure, but he cannot conduct you thither.

For the vision of one man lends not its wings to another man.

And even as each one of you stands alone in God's knowledge, so must each one of you be alone in his knowledge of God and in his understanding of the earth.

And an astronomer said, Master, what of Time?

And he answered:

You would measure time the measureless and the immeasurable.

You would adjust your conduct and even direct the course of your spirit according to hours and seasons.

Of time you would make a stream upon whose bank you would sit and watch its flowing.

Yet the timeless in you is aware of life's timelessness,

And knows that yesterday is but today's memory and tomorrow is today's dream.

And that that which sings and contemplates in you is still dwelling within the bounds of that first moment which scattered the stars into space.

Who among you does not feel that his power to love is boundless?

And yet who does not feel that very love, though boundless, encompassed within the centre of his being, and moving not from love thought to love thought, nor from love deeds to other love deeds?

And is not time even as love is, undivided and spaceless?

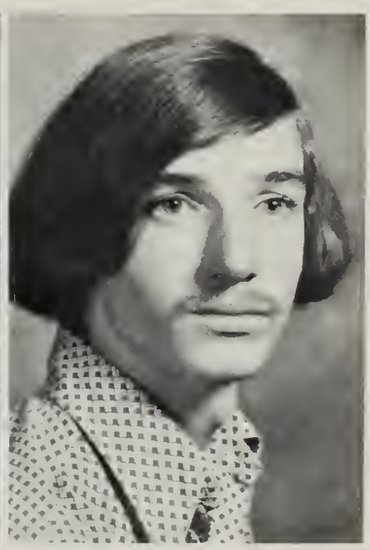

But if in your thought you must measure time into seasons, let each season encircle all the other seasons,

And let today embrace the future with longing.

HOMECOMING

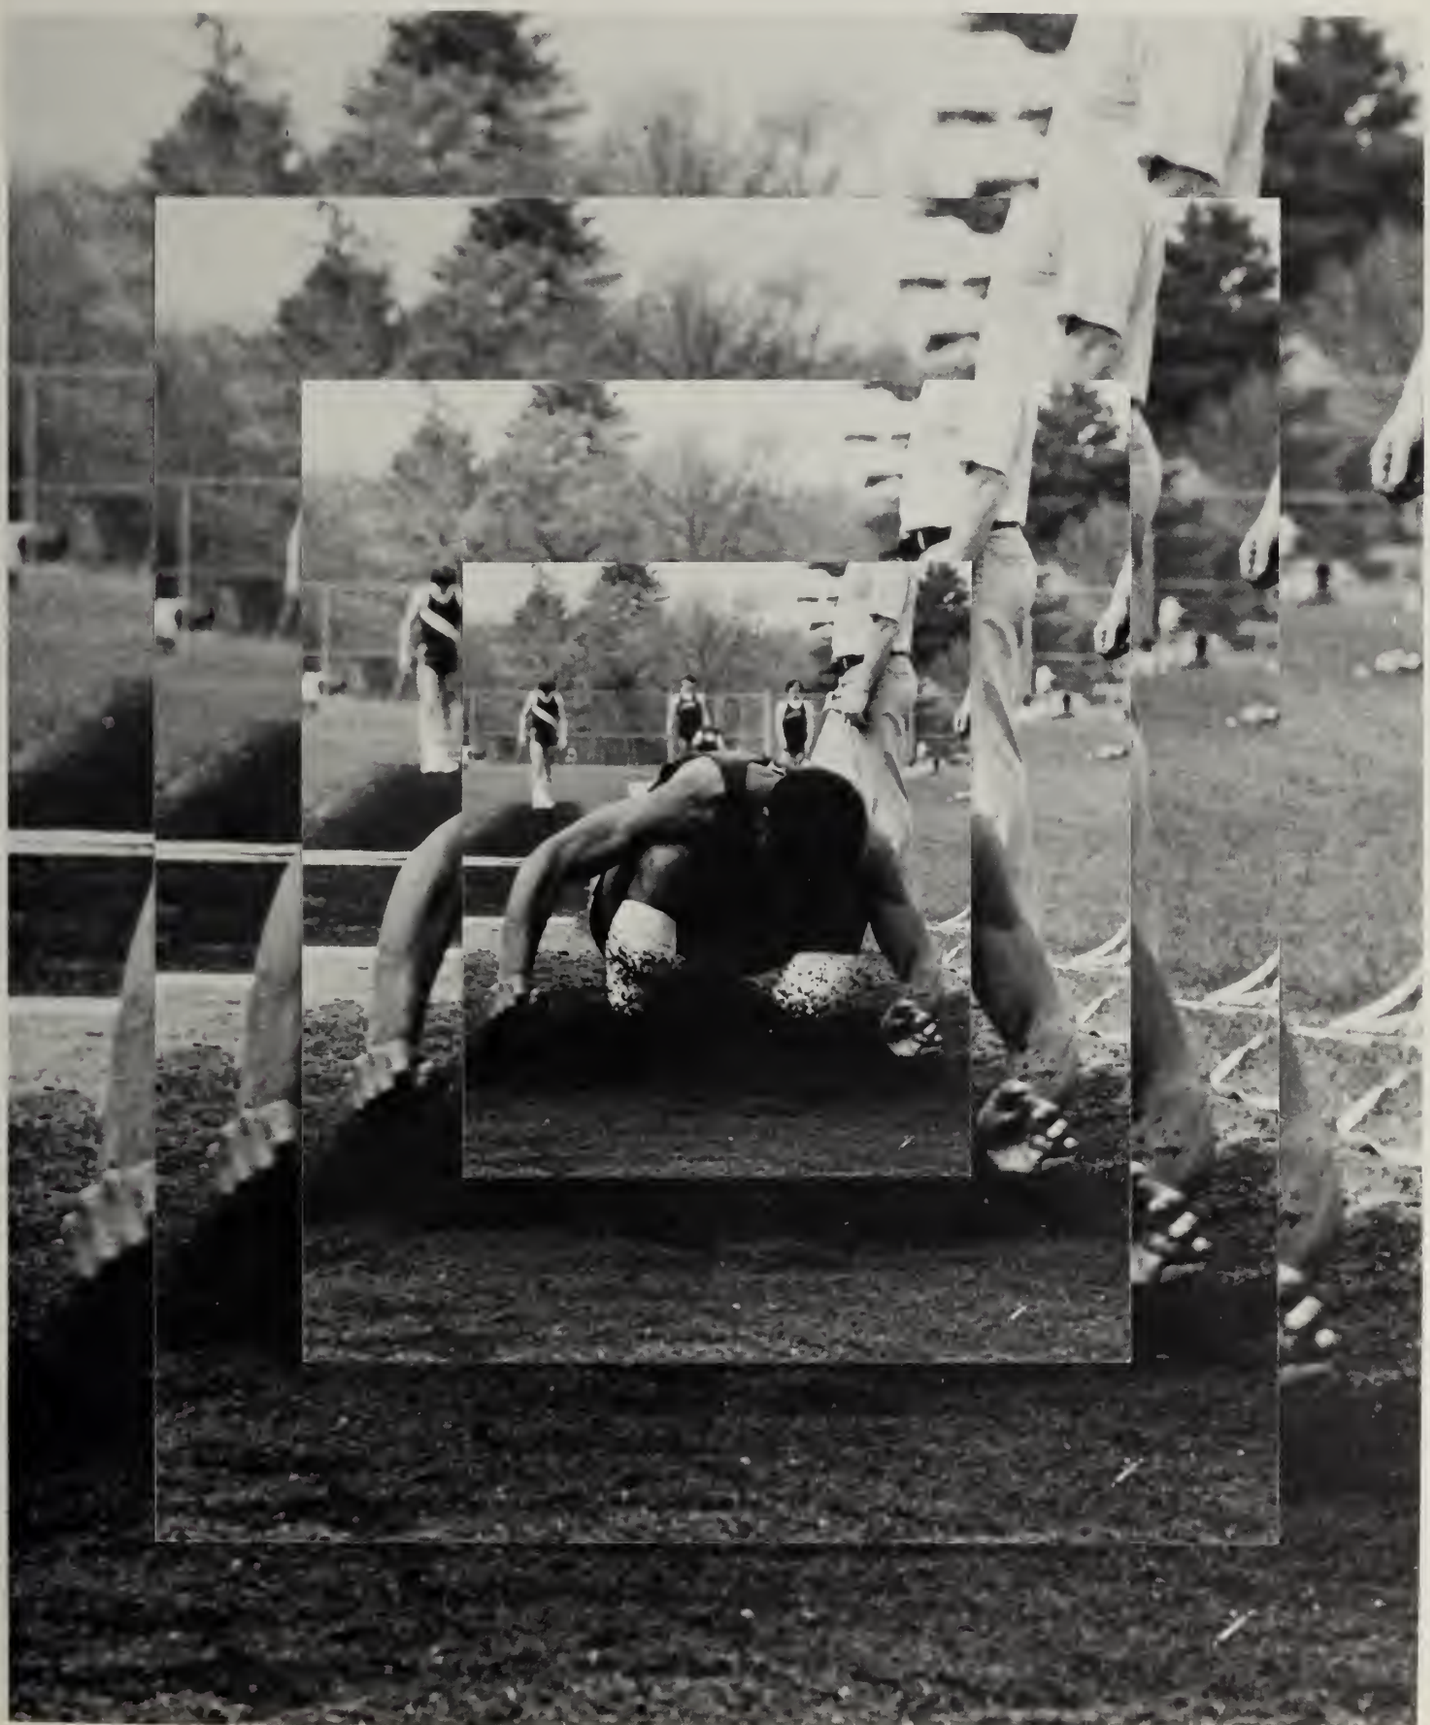

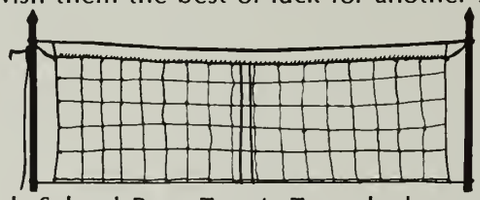

SPORTS

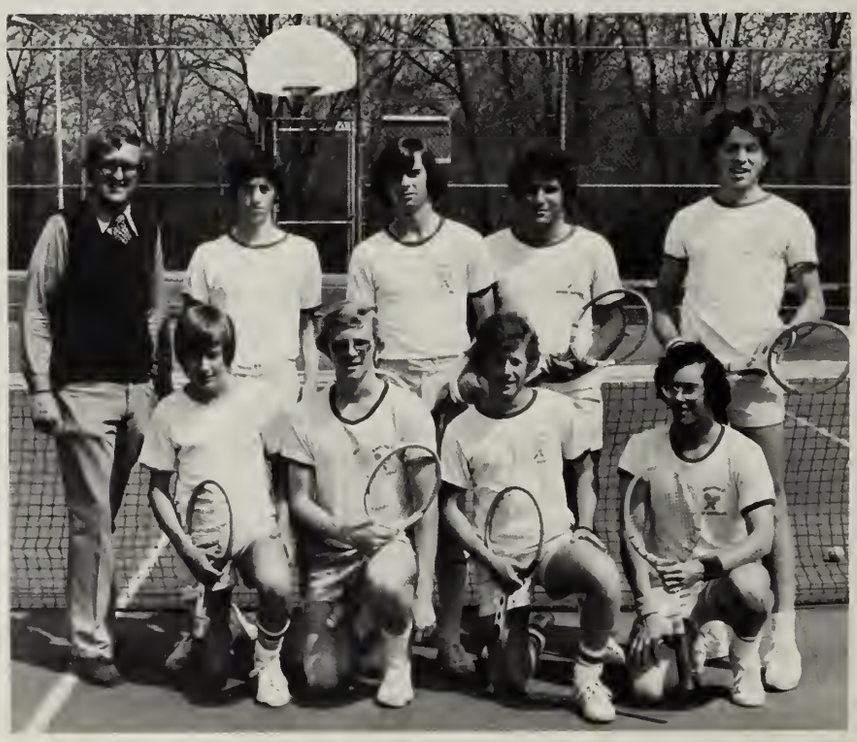

The Andover High School Girls Tennis Team can be quite proud of themselves for winning the Merrimack Valley League with a record of 8 wins 0 losses. Their tradition of winning has been carried on for 3 years, now, and we wish them the best of luck for another successful year.

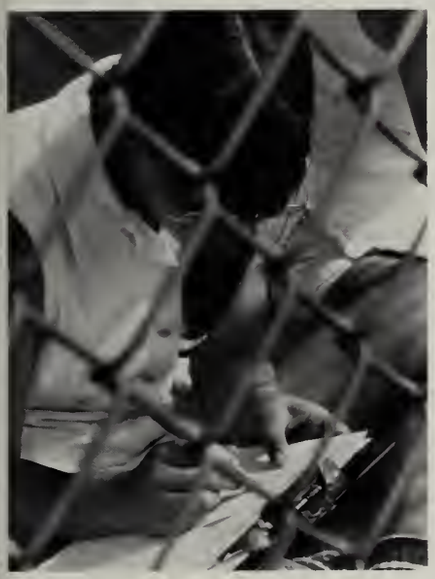

The Andover High School Boys Tennis Team had a very impressive record of 10 wins and one loss, which qualified them for the state tournament. Although we are losing most of the team next year, we give the best of luck to Co-Capts. George Bragdon and Dwight Jacobsen and the rest of the team for anothr exciting season.

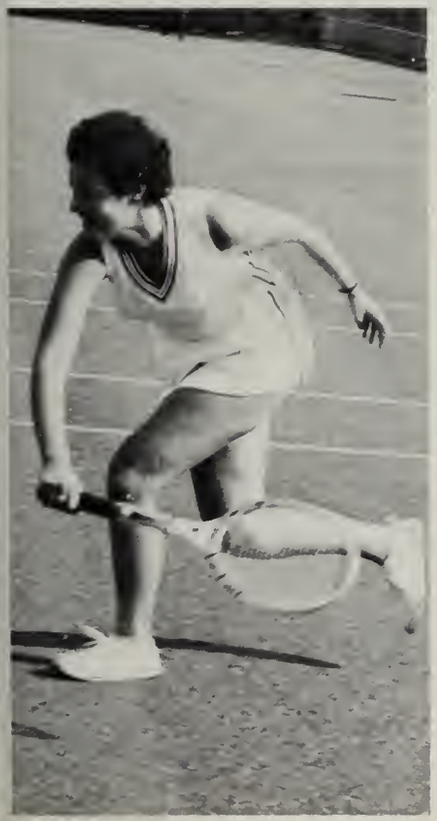

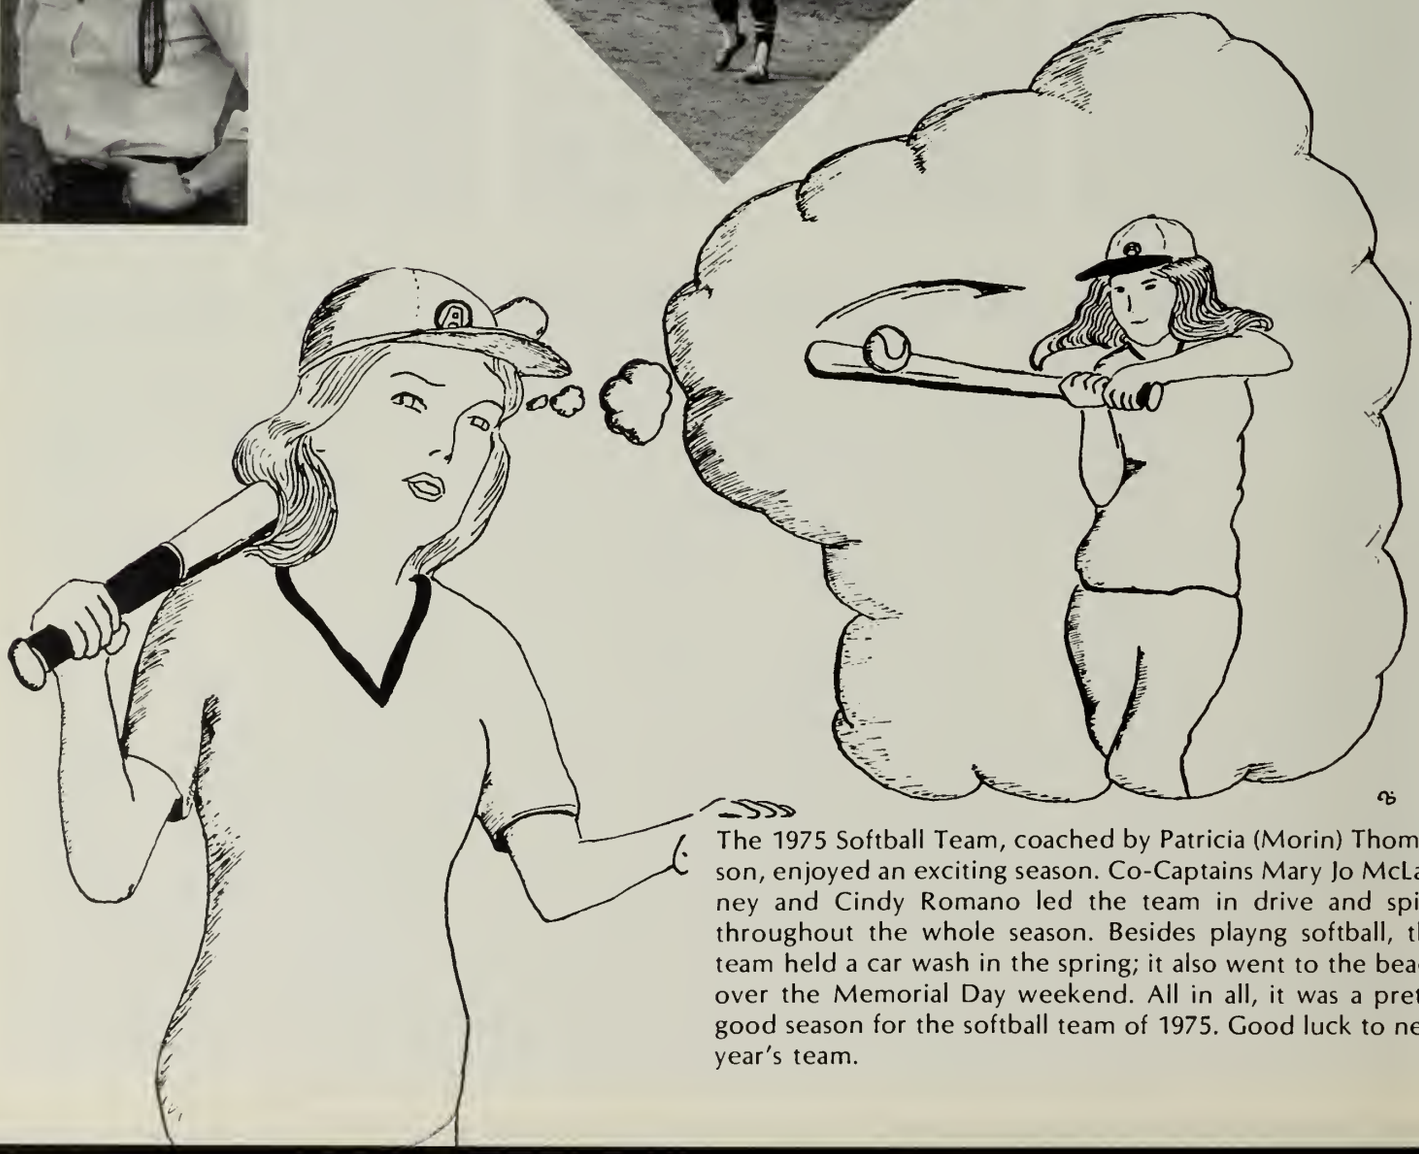

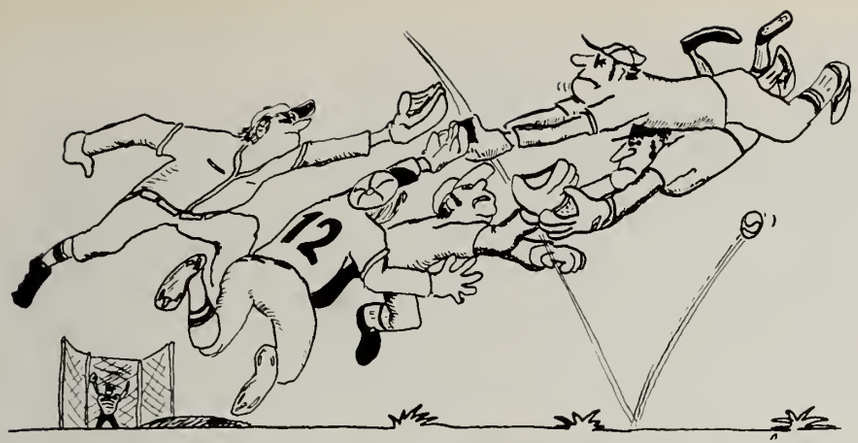

SOFT BALL

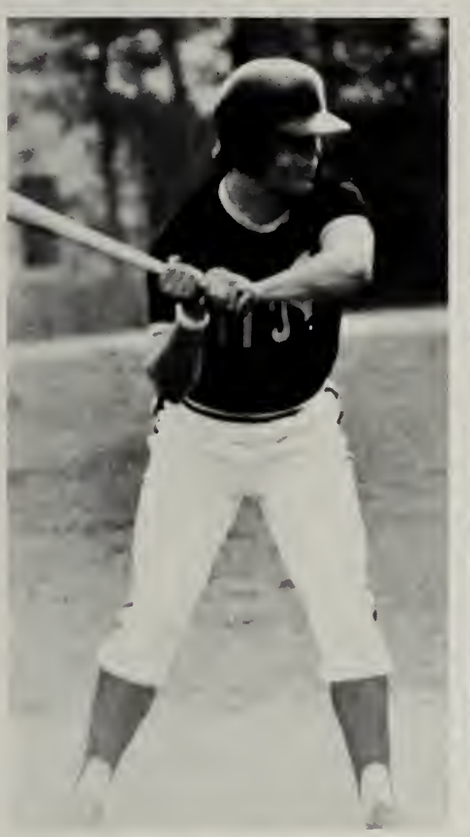

The 1975 Softball Team, coached by Patricia (Morin) Thompson, enjoyed an exciting season. Co-Captains Mary Jo McLarney and Cindy Romano led the team in drive and spirit throughout the whole season. Besides playng softball, the team held a car wash in the spring; it also went to the beach over the Memorial Day weekend. All in all, it was a pretty good season for the softball team of 1975. Good luck to next year's team.

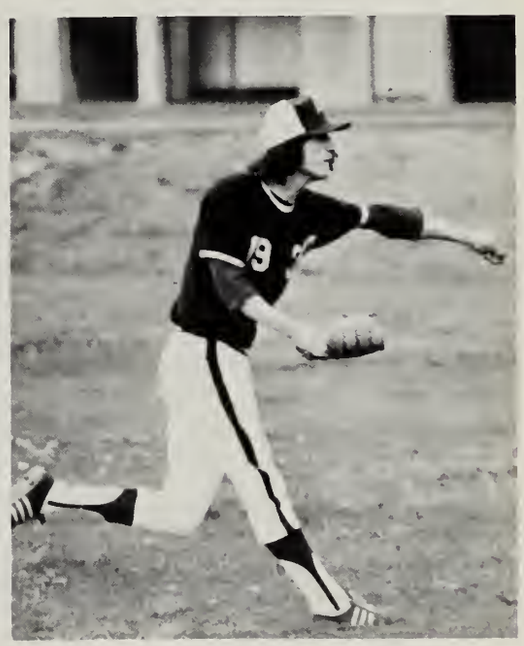

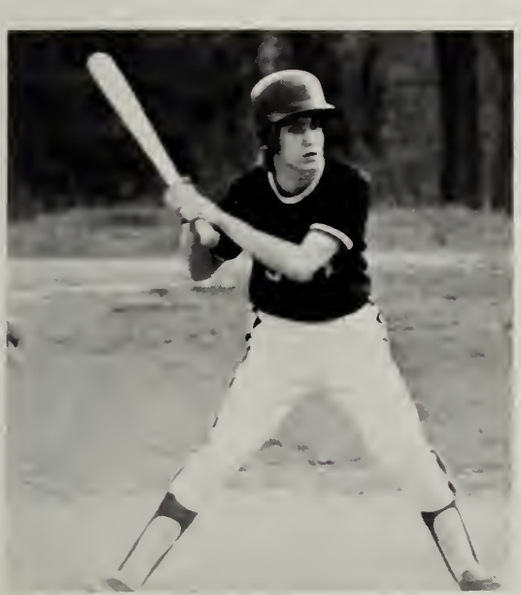

BASE BALL

The 1975 AHS Spring Track Team concluded its season with a record of 10-0-0, Merrimack Valley League Champs, Andover Booster, and 2nd in the state class meet. Captains D. Pratt, R. St. Louis, J. Wotjkun, and T. J. Stamas. We wish the best of luck to next years team.

SWIM TEAM

FIELD HOCKEY

What did she mean by that?

Honest, I really didn't see it

Although the A.W.C. (attack with confidence) record didn't show it, the A.H.S. Varsity ("rowdie") Field Hockey Team had a "snap, crackle, and pop it into the goal" great season! The team, coached by Mrs. Normile and led by co-captains Kathy Conroy and (we hate) Laura Iacobo, was number one in spirit and effort. Overcoming mud in Methuen, to say nothing of the countless broken sticks throughout the season, the "Go bananas" team managed to "push, lunge, and scoop" its way to a few select victories. Congratulations to the J.V. Field Hockey Team and coach, Mrs. Robinson, for their undefeated season. Good luck to next year's team and tri-captains Chris Annick, Carol Conroy and Eileen Sullivan.

Saved again by "Great Goalie"

One, two, three, four . . .

So, she said

Is it really worth it?

My girdle is killing me!

By George, I think they've got it.

The thrill of victory . . .

What style!

Ych! What is it?

What's next?

Although they lost last year's key players, the Soccer Team won a considerable amount of games and completed their season with a record of 5-5-6. Led by Tri-Captains Bruce Dow, Tim Dewhurst and Bill Emmert, the team showed a lot of effort and came up with some surprising wins. Again, many star players will be graduating. We hope next year's team performs as impressively as those in past years.

'75 SOCCER

GIRL'S VOLLEYBALL

This year was the beginning of a Varsity Volleyball Team at A.H.S., and although they did not win many games, they showed a lot of enthusiasm and interest. Good luck to Mrs. Lawson and next year's team.

L. TO R. Joe Pasquale, coach Bob Lawson, John Parrotta

The Golf Team finished second last year in the Merrimack Valley league with an impressive record of 19-3 overall. This year's captains, John Parrotta and Joe Pasquale gave fine individual performances. Parrotta won the Merrimack Valley League Championship and Pasquale finished fifth in the State Schoolboy Tourney. Parrotta and Pasquale were also voted to the league's All-Star Team.

GIRLS' CROSS COUNTRY

A new team has been added to Andover High School this year as we launched a Girls' Cross Country Team. The girls worked extremely hard, while having a good time. Although it was a small team, consisting of only five members, it was a start of something new at the high school and will hopefully continue to attract more members in the years to come. The team included; Kim Leeman, Betsy Eccles, Maggie Meyers, Mimi Bernardin and Karen Hunter

That golden catch . . .

Go Gettum'

SUPER

Mighty Henderson strikes again.

Coach Collins' Recipe For A
"Super Bowl" Team:
1 group of outstanding defense
1 dozen offensive men
2 all-around quarterbacks
Mix them all together.
Work until satisfied,
You've now got another
Andover High Golden Warrior
Football Team!

No way you get by me!

HOCKEY

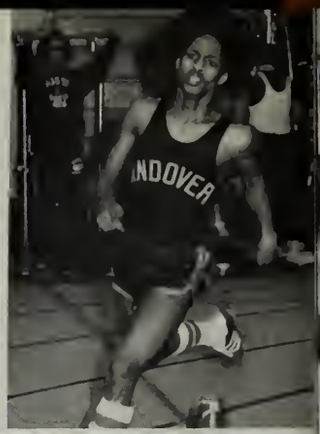

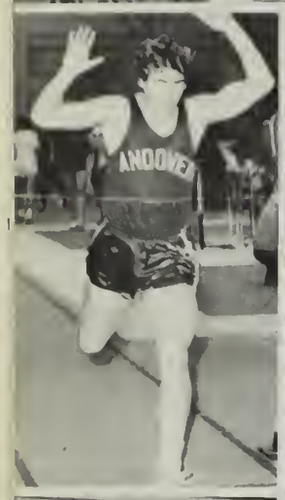

The Hockey Team improved their record this season to 8-9-1. With Captain Mark Farnham and Assistants Dale Crossan and John Fabiani, the team worked together to produce some exciting games. The team owes much of it's success to their new coaches Mr. Anderson and Mr. King, who gave them the extra push they needed to make this a good season.

INDOOR TRACK

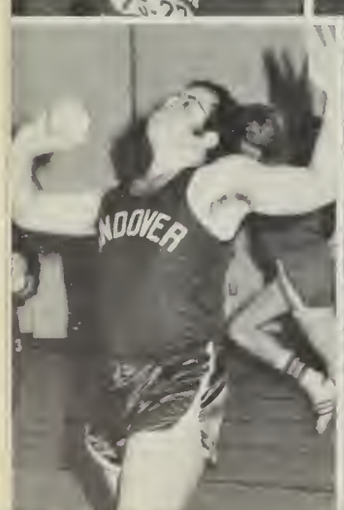

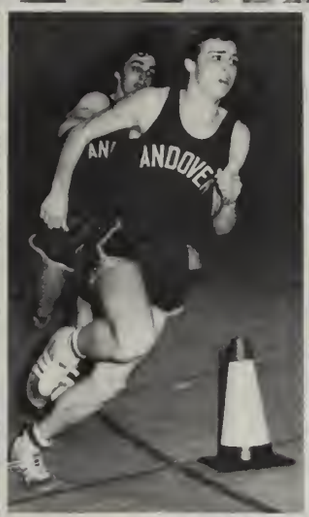

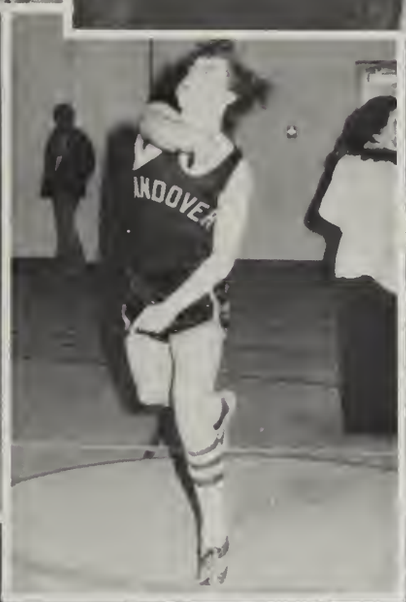

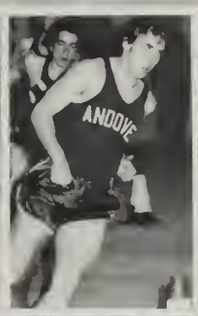

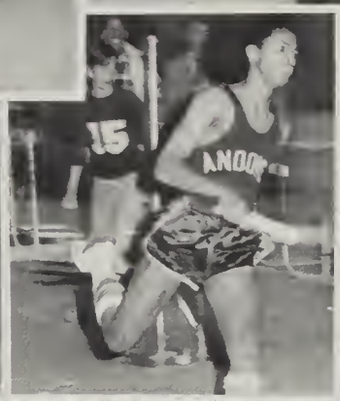

Once again, the Indoor Track Team had outstanding performances by the entire team this season. Led by Tri-Captains Jamie Meyers, Dave Emberly and Mitch Sawaya, the team ran on to win the Dual Meet and the Northern Area Meet. This year was a first, as girls were allowed to become part of the team, helping out in many different ways. With a lot of potential runners in the upcoming grades, we hope future teams will display as much talent as in this year.

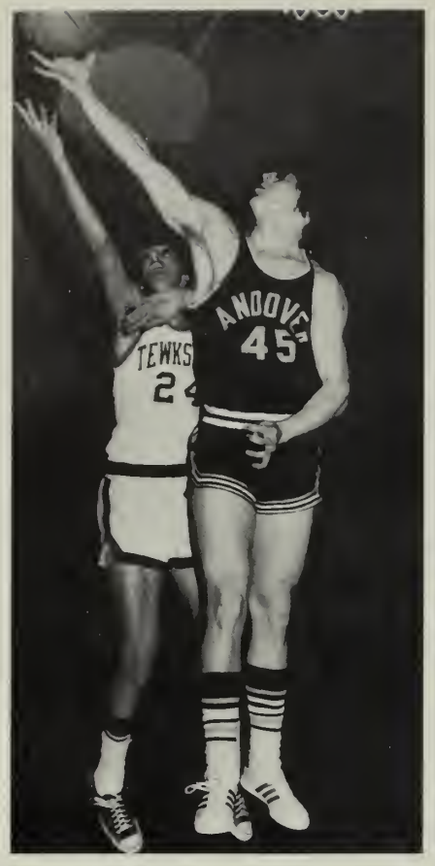

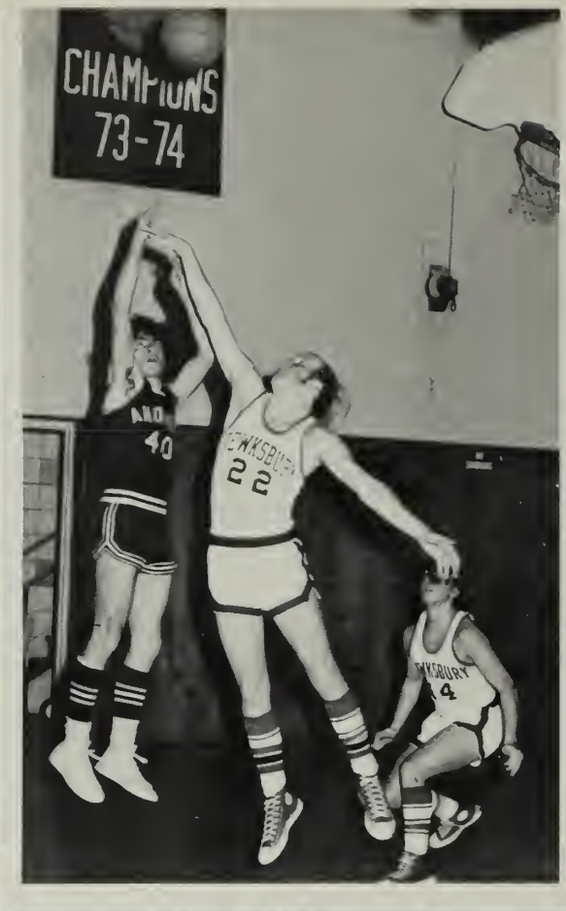

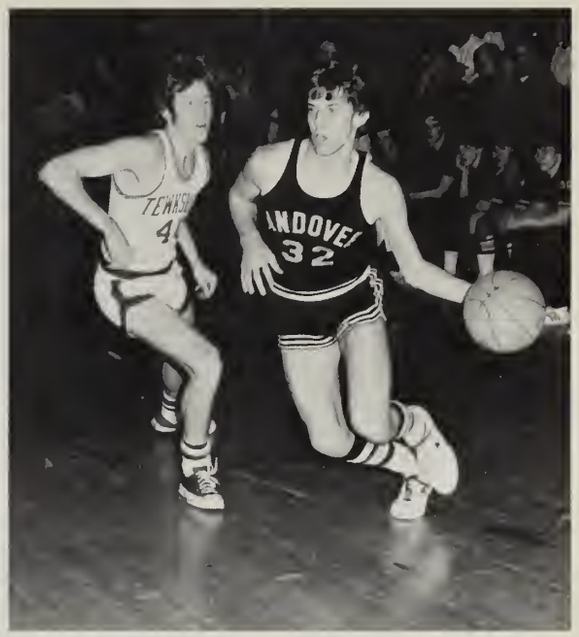

The Basketball Team has proven that height is not always what is needed as they lead the league with 10 wins. Although they have a strong starting line, the bench has added the spark that has been crucially needed to win. Led by Co-Captains Chuck Noel and Glenn Verrette, the team came out on top with many surprising and well earned victories.

BASKETBALL

ODE TO GIRLS' BASKETBALL
We have a perfect record of 0-9.
Which puts us right at the bottom of the line.
But there are some things at which we are the best.
We scratch, we claw and bite,
Far better than the rest.
We may not be winners
But we aren't always losers.
We're not proud of our record,
But beggars can't be chosers.

GIRLS BASKETBALL

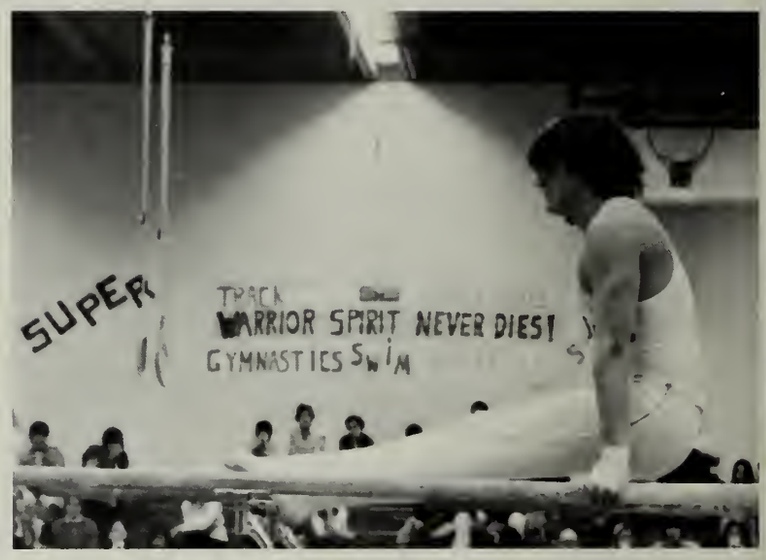

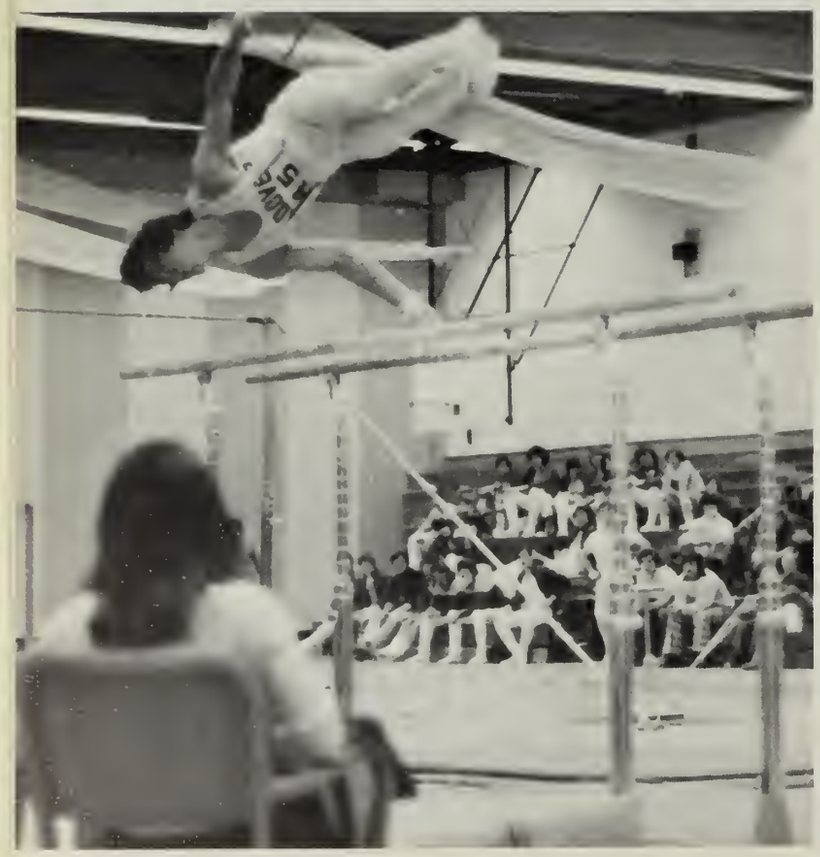

The Gymnastics Team was undefeated in league competition for the second year in a row. Led by Coaches Jack Gleason and Joe Tisbert, and Tri-Captains Dave Mirisola, Dan Sirois and Doug Spencer, the team showed vast improvement in many areas. They should be proud of the fact that they scored a high of 102.4 points against Burlington, one of the top teams in the state. Several team members will be returning next year and we hope they can keep up the current winning streak.

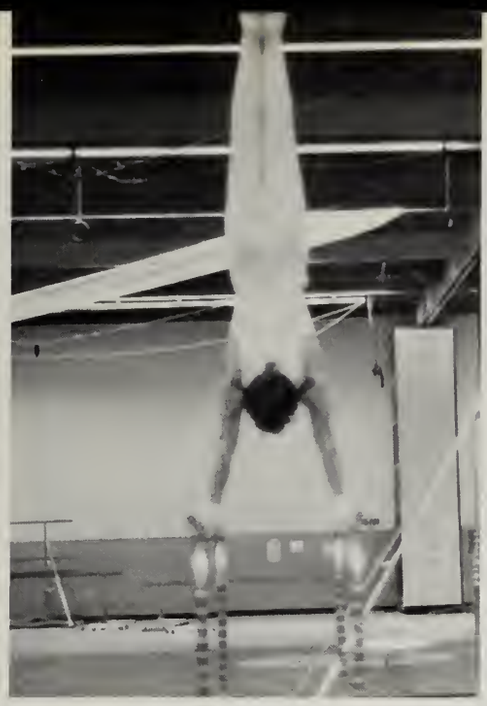

BOYS' GYMNASTICS

This years girls' gymnastics team should be commended on their hard work, team spirit and their improvement considering the loss of many former team members of last year. We hope that next years' team will benefit from their experience. Thanks to Coaches Lawson and Sullivan and Captain Sue Childs for putting together such a great team.

gymnastics

SKI TEAM

The Ski Team became a varsity sport this year and proved that they deserved it, as they remain undefeated. It has become a much more popular sport than in previous years and has attracted a lot of new members who have potential as great skiers. Martha Reid, Neil Faigel and Doug Roberts have proven to be the top scorers this season, but it is the contributions from the entire team that makes them successful. Congratulations to the team for a great season.

UNDERCLASSMEN

TO REACH A POINT THAT'S IN BETWEEN
A STAGE THAT IS UNCERTAIN,
IS TO REACH A CRUCIAL CONFLICT;
WHETHER WE SHOULD LIFT THE CURTAIN.

WE SEE OUR FRIENDS AND BROTHERS
PUT ASIDE A LIFE WE SHARED.
WILL IT BE ASKED OF US ONE DAY
TO DO WHAT THEY HAVE DARED?

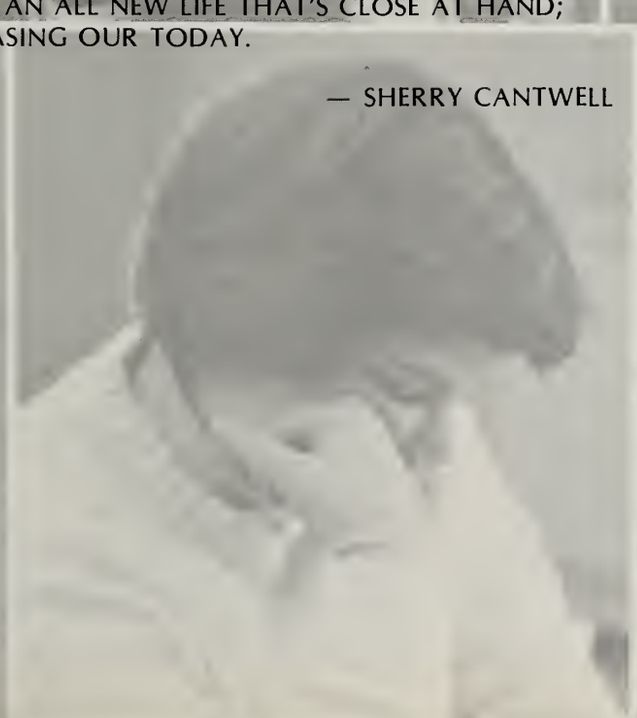

FOR THEM TO CATCH A GLIMPSE OF US,
IS TO LOOK BACK IN REFLECTION.
THE ILLUSION SOMEHOW DISAPPEARS,
THEY'VE TURNED FROM OUR DIRECTION.

AND WHAT OF US, TO COMPREHEND
THAT THOUGH WE ARE PROTECTED
FROM DECISIONS THAT WILL CHANGE OUR LIVES,
SOON WE WILL BE AFFECTED.

HOW WONDERFUL AND YET HOW SAD,
TO THINK WE'RE ON OUR WAY
TO AN ALL NEW LIFE THAT'S CLOSE AT HAND;
ERASING OUR TODAY.

Thorkil Tottrup — Denmark

"People in a rush!"
"Hi! How are you?"
"Good!"
"Yeah!"
"Well, when I first came here I was sort of surprised how much speed people have here. The society in general is not that different from the Danish. Anyhow I have enjoyed my year here and I hope the next AFSer will have fun too!"

Last summer Maureen Gannon went to India under the auspices of the AFS program.

"India is a fascinating country: a country of contrasts, of exotic cultures, of ancient superstitions, of warm and friendly people. My experiences in India have made me aware of the problems of developing nations. The most educational and enjoyable months of my life were spent there."

AFS is ...
meeting people,
going places,
making friends,
bridging differences,
reaching hands across the water.

AFS is ...
Helping the world to be in harmony.

STUDENT ADVISORY COUNCIL

This year, the Student Advisory Council became even more involved with the School Committee by holding a non-voting seat at the School Committee meetings. SAC organized dances and other school activities. SAC also advised the School Committee on overcrowded conditions and other student-related issues. SAC members were: Bill Alexander, Chairman and Ginger Eaton. Juniors were: Ralph Higgs, Susan Larochelle and Matt Mirisola.

Jane Allen was the Regional Advisory Council Representative to the State Board of Education. Her alternate was Jim Rush, who was also a member of the State Advisory Council. Jane and Jim worked along with other students in the state on developing new student rights laws, as well as implementing present laws which affect students.

GREATER LAWRENCE ASSOCIATION OF STUDENT GOVERNMENTS

G.L.A.S.G. is a student organization that involves ten area schools. Started just last year, the association has organized activities, promoted better understanding between schools, and has worked with individual Student Councils.

Each school has two representatives. Andover High's representatives were Cheryl Fogarty and Susan Larochelle. Ginger Eaton was the President of G.L.A.S.G.

G.L.A.S.G. has only been in existence for one year. Next year they hope to expand, and sponsor more activities for the Greater Lawrence Area.

ECOLOGY CLUB

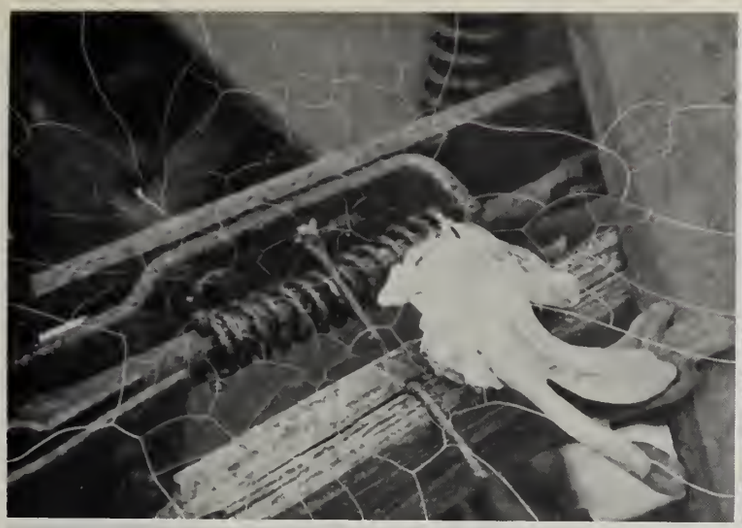

PHOTO CLUB

The Andover ABC program is designed for academic and human development. The program brings positively motivated students from urban areas into its community for a better education. We are here to matriculate into universities so we can become the next leaders of the world. We all share one thought and that's to better the lives of our people.

On behalf of the Senior Class of Andover ABC "1976", "We Thank You."

A pollution-free, resource-conserving answer to the Earth's energy problems by the year 2000? Raytheon, together with three other companies, is currently at work on one solution that would use an inexhaustible energy source — the sun.

With satellite power stations, the sun could literally become an electrical powerhouse for the Earth. Such stations, more than 22,000 miles in space, would gather solar energy, convert it first to electricity and then to microwave energy for transmission to Earth.

Satellite solar power — not just a designer's dream. It may well be a reality by your 25th reunion.

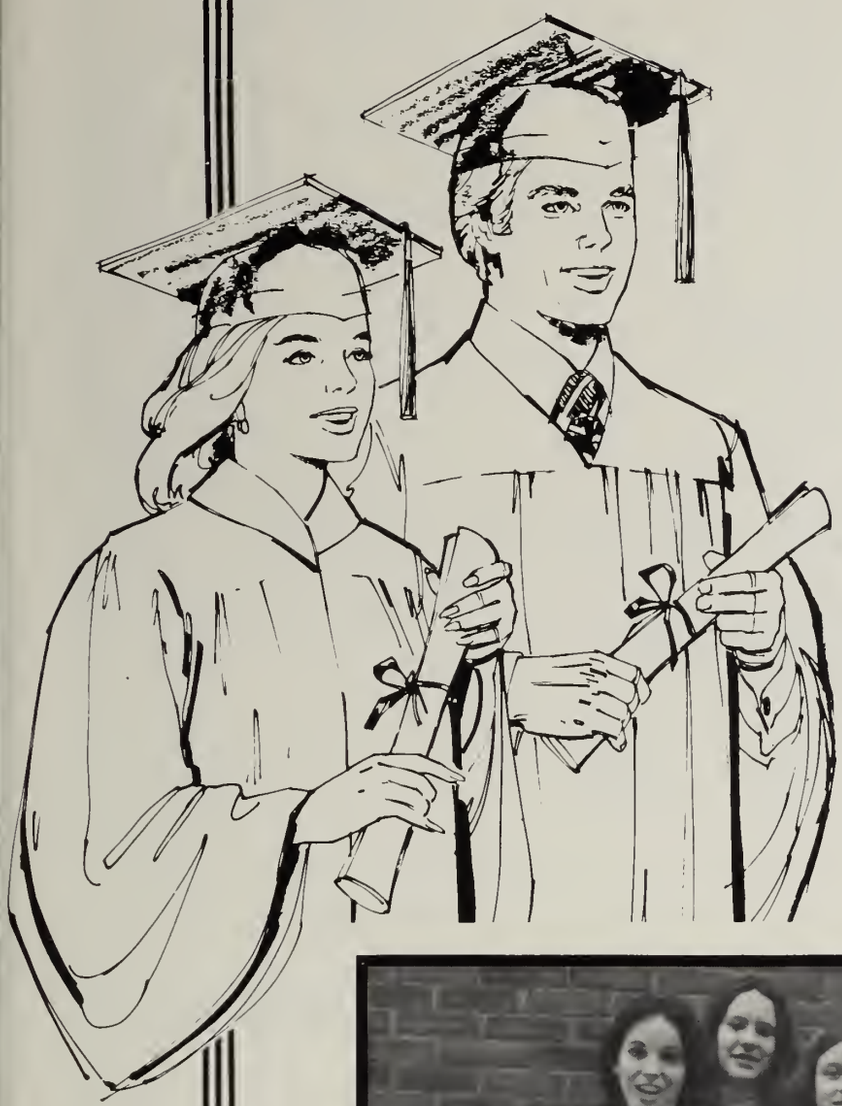

RAYTHEON

This year's staff had a few rough spots to work over, but we knew the group had potential. After several pep talks, a few hundred practise pages, and countless breaks for "Friendly's" refreshments, the team finally started working together and thus, began to produce. It was unfortunate, though, that by this time we found that we had only 1½ hours to make a yearbook. Through the efforts of a few clutch players, we pulled ourselves together, had a great time, and did our best to make one hell of a yearbook!

When you are old and grey and full of sleep,
And nodding by the fire, take down this book,
And slowly read, and dream ...
— William Butler Yeats
